 **Nextdoor**

Riverwalk is on Nextdoor. Sign up with the app or online at the Nextdoor website.

Lake Park Hours-

The Lake Park is closed between the hours of 10:00pm through 5:00am. The gate does not function between these hours.

If you are having trouble with your gate card call Linda Morris at the CIA Office 713-981-9000.

A note from our POA President: Pete Oliver

Fall is right around the corner and I'm sure most of us are looking forward to the change. We have had a lot of great activities in Riverwalk over the past few months and more to come before years end. As I stated in my last letter we are continuing with ongoing and new projects.

I would like to convey that your comments on the Social Media App/Website-Nextdoor are not ignored. Recently a post was made about the fall protection material (mulch) around the playground equipment needing to be filled in. From this post, a directive was made to CIA and the material was installed before weeks end. Thank you for your comments.

As our community grows and more neighbors move in, we see a lot of new faces at our functions. I welcome all of you to participate in all of our activities. Our committees put in a lot of work each year and new volunteers are always needed.

Thank you to all the volunteers that make Riverwalk a great place to live.

Website-

We are in the process of launching a new website. Please look for upcoming events and related information. After this Newsletter, it will no longer be produced in print format. The Newsletter will be available on the website only. This will save on our expenses.

Front Entrance Lighting-

The Front entrance lighting was recently completed which adds a great new look to our entrance. The lighting was placed at the crepe myrtles from the entrance to the marquee.

Additional Entrance Lane-

The Pass-through lane at the entrance (guard shack area only) is still on schedule and will be completed before year-end.

New Barricades at the Dam-

As stated in the last Newsletter, barricades were put in place to relieve all the ATV traffic near the Dam. This traffic was eroding the area and became a problem. The property near the Dam that was being used by the ATV's has been sold and the new owners are in the permitting process to build a new home. We look forward to having our new neighbors along with solving the problem at the dam.

New Guard Shack-

We are in the process of taking bids for our new Guard Shack. We hope to have a selection by next month. The new building will have much needed improvements for our employees.

Riverwalk Security

While it may look like the front security office, or guard shack to some, just smile and wave at us, they are actually keeping a log of who is coming in and out. At the August Quarterly meeting held at Sorters-Mill Elementary School Rebecca gave this report for the period of June-August.

Drive Safely!

Trail of Lights-

The Garden Club will be judging the Trail of Lights in December.

- 1st Place— Most Outstanding Décor
- 2nd Place- "Griswold's" Highest Wattage
- 3rd Place— Best Original

All are invited to drive through the neighborhood and enjoy the holiday light displays. See website and marquee for contest dates in December.

Architectural Control Committee- (ACC)

The ACC is busy monitoring the construction of new homes, fences, storage buildings and most everything else that is being built in Riverwalk. They ensure that the deed restrictions are adhered to and they do a great job! Thanks to the volunteers of this committee!

Cars and Music on the Lake

Another great year for the annual Cars and Music on the Lake Show on September 24th. There were 89 exceptional show entrants. The judges had a hard time picking the best. The Best of Show went to this beautiful 1955 Thunderbird.

Thanks to all the neighborhood volunteers that made this show a success. See you next year!
